

YOUR FULL-SERVICE SUPPLIER FOR PRE-APPLIED FASTENER ADHESIVES AND SEALANTS

For over 55 years ND Industries has been providing top quality fastening and assembly related products and services to a wide variety of industries.

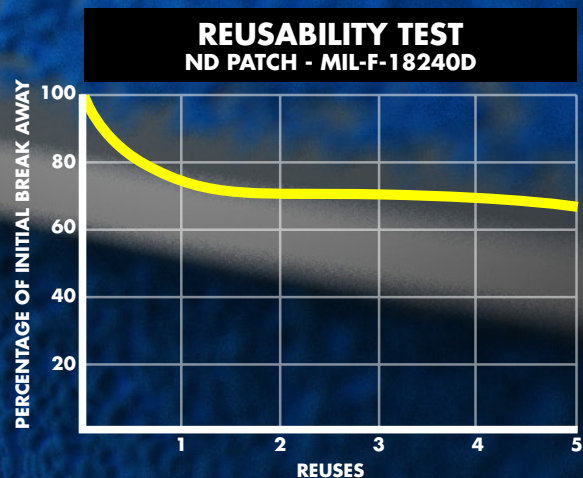

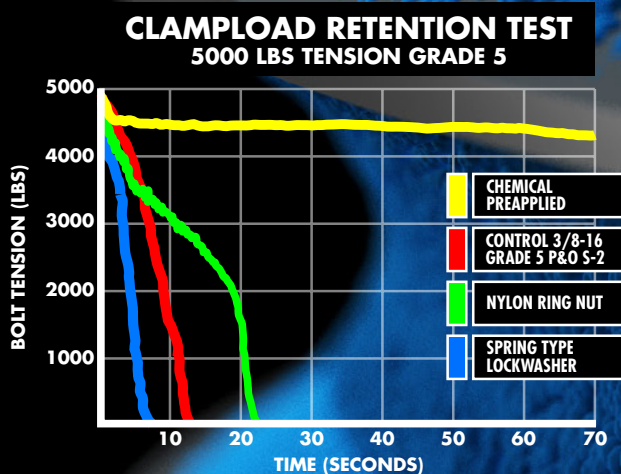

Unlike our competitors, ND can ensure that each product is of the highest quality and value because we control all aspects of production in-house.

- Research and Development • Chemical Blending / Scale Up
- Custom Machine Design • A2LA Certified Quality Testing Lab • Global Processing Centers

ND's **chemical (reactive) pre-applied** products significantly outperform traditional locking devices while saving time and money by removing hand application of threadlocking materials at the site of installation.

The ND **inert (prevailing torque) pre-applied** product line which includes ND Patch, ND Pell-It, ND Strip and VC-3, provide increased locking strength with the benefit of service removability and reusability.

WITH OVER 100 ESTABLISHED PRODUCTS, ND INDUSTRIES IS A WORLD LEADER IN THE DEVELOPMENT OF NEW TECHNOLOGIES

ND PATCH®

ND PELL-IT®

ND STRIP™

ND LM-1293®

EXPAND-A-SEAL®
