Press Release:

ND Industries Expands Vibra-TITE Bottled Division in Asia

ND Industries®, an internationally known developer and supplier of high quality fastener coating products and services, is pleased to announce the expansion of the Vibra-TITE Bottled Product Line into Asia under the direction of Bao Sheng Xu, ND General Manager – China.

ND Adhesive Technology (Shanghai) Company LTD manufactures and sells Vibra-TITE products, high quality, bottled products including Anaerobic Threadlockers, Retaining Compounds, VC-3 Original, Cyanoacrylates, Pipe Sealants, Anti-seize Lubricants and more at typically 40% of the cost of comparable products.

ND's growing interest in and dedication to foreign, and Asian, operations is a part of the company's plan for integrated growth and improvements to world wide customer service.

ND foreign operations are not licensees, but a part of the ND family. ND Industries Taiwan and ND Electronics (Kunshan, China) Co., Ltd. have a collective team of over 200 Asian employees and facilities covering over 60,000 square feet in plant floor area.

ND Adhesive Technology (Shanghai) Company LTD is fully supported by ND Industries – USA and focuses on providing first class service and solutions to manufacturers from the automobile, machinery building, ship building, railroad, mining, and oil field industries, and many others, all over the world.

With the Vibra-TITE label expanding into Asia, ND hopes to help save Asian manufacturers' time and money as they continually work to improve their overall product quality.

ND Industries provides many top quality fastening and assembly related products and services, both Pre-Applied and bottled for user application, specializing in threadlockers, sealants, anaerobics, lubricants, adhesives and more, to a wide variety of industries, including automotive, electronics, aerospace, marine, construction, and appliance.
