World leader in Advanced Fastening Technology

ND Industries is ISO9001:2000 / AS9001B / QPL-18240F Listed/ QSLM Registered

Press Release:

ND Industries Launches Educational Seminar Series

ND Industries®, an internationally known developer and supplier of high quality fastener coating products and services, announces the formation of the new ND Fastener Technologies Seminar Team.

Don George, Scot Wickham, Michelle Shenk, and Kristina Berger comprise ND's top team of seminar presenters, bringing comprehensive educational product and process seminars to new and existing ND customers.

Don George, the Vice President of Marketing, received a degree in Industrial Management at Lawrence Technological University, with additional education at Eastern Michigan University and Henry Ford Community College. Recently retired from the Ford Motor Company, after 38 years, Mr. George held several management positions, both in Vehicle Operations, Global Purchasing and Power Train Operations. Don is a member of the ASME (American Society of Mechanical Engineers) Board of Standardization and Testing, Vice Chairman of the ASME B1 "Screw Thread Standards Committee", chairman of the B1.15 sub-committee on "J & MJ Threads, a member of the B18 Fastener Standards, and chairman of the B18.27 sub-committees on "Keys & Keyways". He

has also been recognized as a Fastener and Screw Thread Expert by the Ford Motor Company.

Scot Wickham received a Bachelor of Science in Biology and Chemistry from Oakland University before going on to work in the Research and Development Laboratory at Kay Automotive Graphics. He joined the ND team in 1998, developing and improving adhesives, sealants and coatings in the Research and Development Lab. Since 2004 Scott has worked as an Applications Engineer, recommending ND products and processes and working to meet new and changing customer needs.

Kristina Berger received a Bachelor of Science from Michigan State University before going on to work with Tower Automotive, a Tier-1 automotive OEM supplier. Ms Berger held a position with ND from 2004-2006 as Director of Quality for the Detroit Fastener Processing Division before being promoted to Junior Vice President of Corporate Operations and Sales.

ND Industries provides many top quality fastening and assembly related products and services, specializing in threadlockers, sealants, anaerobics, lubricants, adhesives and more, to a wide variety of industries, including automotive, electronics, aerospace, marine, construction, and appliance.

To book an ND Educational Seminar or for more information on ND products and services contact ND Industries' Corporate Offices at 1000 North Crooks Rd., Clawson, MI 48017. Phone 248-288-0000, Fax 248-288-0022 or email info@ndindustries.com.
