Product Declaration: Ozone-Depleting Substances

Dear Valued Customer:

ND Industries, Inc. takes health and safety as it relates to its products, as well as their environmental impacts and the affect they may have on public, very seriously. We take pride in a long-standing environmental, health and a safety record, and work diligently every day to ensure that we are following all applicable regulations.

To this end and to the best of our knowledge, current information collect through our supply chain, for all products provided, supplied, and/or applied by ND Industries, Inc., do not contain or intentionally use any listed ozone-depleting listed substances in its product formulations. This includes all Environmental Protection Agency (EPA) class one and class two listed ozone-depleting substances.

Furthermore, this compliance statement only applies to the products manufactured by ND Industries, Inc. and applied to a fastener or substrate and not the fastener or substrate itself.

Should you have questions or require further information regarding ozone-depleting substance as they relate to ND Industries, Inc. products, please contact ND Industries, Inc.'s Environmental, Health and Safety Department by using the email address provided below.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rob Chraska'.
